## The North Clackamas Urban Watersheds Council Strategic Plan

September 2015

### Our Mission:

is to protect and enhance our watersheds' water quality, fish, and wildlife habitat.

### We Envision:

people and nature flourishing in a healthy ecosystem.

## Advocate to Effect the Council's Mission

- Advocate for protection and enhancement of local watershed ecosystems.
- Develop advocacy plan that identifies strategic priorities.
- Maintain priority list of issues for Council engagement.

## Manage for a Professional and Sustainable Organization

- Create a development and succession plan to attract and maintain a high-quality board and staff.
- Operate business using resources efficiently and demonstrating high professional standards.
- Expand revenue streams by developing regional partnerships with other professional organizations.

## Foster Community Stewardship for Watershed Health

- Reach and involve underserved communities.
- Expand knowledge and engagement through citizen-science.
- Develop effective community stewardship programs for each watershed.
- Conduct an effective community outreach and education program that fosters a cadre of volunteers.

## Restore Prioritized Habitat

- Create restoration action plans for each watershed.
- Collaborate with partner organizations and agencies to fund, implement, and support the action plans' priority projects.
- Promote best management practices for restoration.
- Develop and maintain a monitoring and reporting regimen for restoration projects and activities.
